Re: Request for Notification From Industry Organizations Interested in Participating in Selection Process for Nonvoting Industry Representatives on the Pediatric Advisory Committee and Request for Nominations for Nonvoting Industry Representatives on Pediatric Advisory Committee. 77 *Fed. Reg.* 47853-47854 (August 10, 2012); Docket No. FDA-2012-N-0781.

Dear Dr. Ellenberg:

The U.S. Food and Drug Administration (FDA) published a *Federal Register (Fed. Reg.)* notice on August 10, 2012, requesting notification from industry organizations interested in participating in the selection process for nonvoting industry representatives on the Pediatric Advisory Committee (PAC) (77 *Fed. Reg.* 47853-47854). The notice also solicited nominations for candidates to serve as the non-voting industry representative on the PAC. Founded in 1881, CHPA is a national trade association that represents manufacturers and distributors of over-the-counter (OTC) medicines and dietary supplements (www.chpa-info.org). We are submitting the following candidate for consideration to serve as the non-voting industry representative on the FDA Pediatric Advisory Committee.

- **Anthony R. (Tony) Temple, M.D.**, Senior Medical Consultant, McNeil Consumer Healthcare

**Consumer Healthcare

A current *curriculum vitae* for Dr. Temple is provided as a separate document for review and consideration by the agency and the selection committee. The association previously indicated its desire to participate in the selection process for the nonvoting industry representative to the PAC and looks forward to the next steps.

Thank you for your time and attention regarding this issue. Feel free to contact me if you have any questions. We look forward to hearing from the agency.

Sincerely,
