

Marc **DIEDERICH**, Ph.D.

POSITIONS

1994-2012: Director and principal investigator:

Laboratory for Molecular and Cellular Biology of Cancer, Kirchberg Hospital, Luxembourg
Email: marc.diederich@lhmcc.lu <https://lhmcc.mysciencework.com>

2012-2017: Associate Professor of Biochemistry

College of Pharmacy, Seoul National University, South Korea

2017- : Full Professor of Biochemistry (tenured) and principal investigator:

College of Pharmacy, Seoul National University, South Korea
Email: marcdiederich@snu.ac.kr <http://diederich.snu.ac.kr>

EDUCATION

1987: Bachelor in Cell Biology and Physiology (Nancy, France)

1989: Master in Biochemical Pharmacology (Nancy, France and McArdle Laboratory for Cancer Research, Madison, WI, USA)

1994: Ph.D. in Molecular Pharmacology (Nancy, France and Department of Environmental Health, University of Cincinnati, Cincinnati, OH, USA)

SUPERVISION OF PHD

1998 – 2020: **40** PhD theses under the supervision or responsibility

TEACHING EXPERIENCE

1995-2001, 2004-2012: Lecturer at the University Henri Poincaré Nancy I, France

1996-1997, 2000-2004: Lecturer at the University Center of Luxembourg, Luxembourg

2012-2017: Associate Professor of Biochemistry, Seoul National University, South Korea

2017- now: Professor of Biochemistry, Seoul National University, South Korea

EDITOR OF BOOKS AND SPECIAL JOURNAL NUMBERS

26 books or special issues edited

EDITORIAL APPOINTMENTS

Advances in Redox Biology: Editorial Board member

Biochemical Pharmacology: Editorial Board member

Cell Death and Disease: Editorial Board member

Cell stress: Founding Editor

Experimental Pharmacology and Drug Discovery, a specialty of Frontiers in Pharmacology: Review Editor,

Editorial Board member

Genes & Nutrition: Editorial Board member

Journal of Cancer Prevention: Senior editor

Journal of Cell Communication and Signaling: Editorial Board member

Journal of Traditional and Complementary Medicine: Editorial Board member

Marine Drugs: Editorial Board member

Phytomedicine: Editorial Board member

MEETING ORGANIZATIONS

Marc Diederich attracted more than 6500 scientists to Luxembourg and Korea since 1998 with an innovative series of meetings in the field of cell signaling as a therapeutic target.

BOARD OF DIRECTORS OF CHARITY ORGANIZATIONS

- President of “Recherches Scientifiques Luxembourg” (conducts/finances cancer research)
- President of the “Action LIONS “Vaincre le Cancer” (finances cancer research)
- Member of the board of the organization “Legs Kanning” (finances cancer research)
- Member of the board of the organization “Een Haerz fir Kriibskrank Kanner” (finances cancer research)

AWARDS

2007: Prix LIONS Luxembourg: Award for “Cancer and Leukemia Research Achievements”

2010: Preis zur “Förderung der Deutsch-Lux. Zusammenarbeit im Bereich der Wissenschaften”

2010: Prix Interrégional de la Recherche (Saar-Lor-Lux)

2016: 창의선도 신진연구자 서울대학교 창의연구과제. 우수한 연구 성과

Seoul National University “Leading young scientist award for excellent research”

2018: Howol Award of the College of Pharmacy of Seoul National University offered by Shinpoong Pharmaceuticals.

2019: Phytochemical Society of Europe - Pierre Fabre Prize

OTHER

Since 2012: Member of the “Academy of Sciences, Lorraine, France”

2014-2018: Regional Representative of the “Phytochemical Society of Europe”
